

Navigating Complaints with a Strategic Response

Did you know? Most Professional Liability Insurance (PLI) claims made against social workers are complaints made to regulatory bodies. Regulatory Colleges are mandated to thoroughly investigate any complaint they receive, no matter how minor. Since anyone can initiate a complaint, it's important to know the steps you should take to prepare a response and defend yourself. **The most important thing to remember is that you should never attempt to manage a complaint yourself. Your program partners are here to help.**

Reporting a claim under your Professional Liability Insurance (PLI) is a crucial step to ensure that you receive the necessary support and coverage. By following the checklist below, you can navigate the claims process effectively.

IF YOU'RE THE SUBJECT OF A COMPLAINT

- ☒ Contact BMS, your insurance broker
- ☒ Ensure to provide your:
 - ☒ Certificate of insurance
 - ☒ College complaint letter
 - ☒ Any other relevant documentation

Once you have contacted BMS, they will assist you in reporting to the insurance company, Chubb. Chubb will acknowledge receipt of your claim and assign a claims adjuster to your case. The adjuster will be responsible for investigating the claim and determining the appropriate course of action, including connecting you with legal counsel, where appropriate. Rest assured that reporting a claim is confidential and should not limit your ability to secure coverage under the program in the future.

Communicating with your adjuster provides you with the peace of mind that you are working with insurance experts specialized in professional liability to achieve the best possible outcome for all involved.
