

Full job description

OCD Wellness is a specialty clinic, specializing in Obsessive Compulsive Disorder and Obsessive Compulsive related disorders (AFRID, BFRBs and Tics). OCD Wellness prides itself on providing evidence-based treatment through a client centred approach.

We are passionate and dedicated to bridging the gap in services to support individuals and families through their OCD journey. We strive to create a safe space for individuals to discover their strength and resilience, through well-informed, hands-on, and accountable care.

What we are looking for

OCD Wellness is seeking a Social Worker who has a behavioural lens and is passionate about the treatment of OCD and OC related disorders. We are seeking a Clinician who is dedicated to on-going learning in a private practice setting. We are currently hiring for a hybrid position - available for 2 days/evenings in office minimal (Barrie, ON).

This position offers the freedom and flexibility of self-employment without the burden of running your own business. Although you will be working independently, you will have the support of the OCD Wellness team with consultation opportunities and check-ins.

Key Responsibilities

- Working in a private practice setting as an independent contractor.
- Specializing in the treatment of OCD and OC related disorders, following Exposure Response Prevention protocol, Inference-Based CBT, and providing Habit Reversal Training, and Cognitive Behaviour Intervention for Tics.
- Completing assessments to determine appropriate treatment.
- Demonstrating strong clinical skills and empathy.
- Required to work at least 1 evening or 1 weekend shift to ensure client accessibility.
- Available to maintain a part-time or full-time caseload.
- A minimum of one year commitment.

Qualifications and Requirements

- Minimum Masters of Social Worker degree.
- Registered and in good standing with OCSWSSW and other provincial Colleges in which you practice.
- Continued education and supervision as required by the College.
- Liability and Practice Insurance.
- At least one year of experience using Behavioural Therapies

- Knowledge in Exposure and Response Prevention and willingness to participate in on-going trainings.
- Minimum of 3 years experience in the mental health field.
- A commitment to principles of strength based and Client-centred care.
- Proven ability to build and maintain relationships with clients and other service providers
- Well developed, proven interpersonal and written and communication skills.
- Proven organization and time-management skills.
- Experience working with children is an asset.
- Availability to work in-person in Barrie, ON.

Job type

- A gradual increase to full-time caseload.
- Hybrid position.
- The hired position is contractor based, and you will be considered an OCD Wellness Associate.

Education

- Master of Social Work degree required

Experience

- 2 year minimum of direct practice.
- 3 years minimum practicing in the mental health field.

Pay: \$110.00-\$143.00 per hour

Benefits:

- Flexible schedule
- On-site parking

Education:

- Master's Degree (required)

Experience:

- Clinical: 2 years (preferred)

Licence/Certification:

- Registration with OCSWSSW (preferred)

Work Location: Hybrid remote in Barrie, ON
