

Team Leader | Mental Health & Substance Use

Castlegar, British Columbia

Interior Health

Position Summary

Interior Health has an exciting Permanent Full Time opportunity now available for a Team Leader, Mental Health & Substance Use in Castlegar, B.C.

What Will You Work On?

This team lead will supervise the new multi-disciplinary Complex Care team. The team will work at the site of the residence and will outreach from there.

A team leader with community Mental Health & Substance Use is responsible for the day to day operation and clinical supervision of staff in the specific programs. The team lead will provide program support, liaise with community partners and mentor and support clinical staff in the program.

The Team Leader provides line leadership, supervision, clinical support, service delivery level problem solving to multidisciplinary Mental Health & Substance Use teams, and direct client care as required.

The Team Leader works to deliver high quality, client focused programs across the continuum of community services and provides liaison to local agencies and other service providers. The Team Leader is also responsible for the planning, implementation, coordination, and evaluation of clinical practice to ensure quality client care outcomes.

Shift times are from 08:30 to 16:30 hours.

What Qualifications are needed?

A Master's Degree (from an accredited educational institution) in a social or behavioral science field relevant to the position. Four years recent related experience including experience in individual, family and group modalities of practice in the clinical specialty of the assigned area. One year recent experience in a leadership capacity, or an equivalent combination of education, training and experience. Current valid BC driver's license.

**Please upload copy of Master's Degree and valid DL.
